

EQUITABLE DEVELOPMENT RUBRIC

Cincinnati aspires to be a fair and equitable place to live. This evaluation tool stems from an effort to make sure this goal is at the forefront of our public decisions about development. It is designed to score proposed development projects by their contributions toward equity across class and race in our city.

The rubric's 4 main categories form its core. Jobs and Labor and Community Input apply to all projects; Housing Affordability and Community Footprint are applied based on certain criteria. Each category is scored on a 4-pt scale.

Any project that scores at least 50% of points across all applicable main categories is eligible to earn Extra Credit points, based on the criteria listed.

This tool is intended for use by a number of different folks— citizens, community councils, developers, and city officials.

Citizens and Community

Use this rubric to learn about and impact projects proposed in your neighborhood and city.

Get involved! Ask questions, suggest solutions, and make informed decisions when you are asked for your support.

This information is power— use your civic voice to steer our city in the right direction!

Developers

Use this rubric to better understand how projects fit with necessary progress steps toward equity in Cincinnati.

Apply it to your own projects. Offer communities honest assessments, and commit to delivering community benefits in return for public subsidies, incentives, and support.

City Officials

Use this rubric to ensure a return for our public resources that advances our city's equity.

Incorporate this framework into our legislation and public practice, and invest in basic structures for monitoring and accountability.

HOUSING AFFORDABILITY

This section is meant to be used for projects that include significant residential development.

When evaluating a project that does not include residential units, the Score 1 column criteria may be used to award a bonus point.
